

THE HAMPDEN FAMILY CENTER

Dear Friend,

Join us in letting the community know '*We are still here for you.*'

We are thankful for each of you who joined us this year – facing the challenges, serving our neighbors, lending creative ideas, and simply not giving up!

Over the years, the Center has grown to be an anchor in Hampden: a place where people of all ages, needs, and backgrounds can access key services on their path to a better life. Especially as the need increases during COVID, we have been humbled by the number of clients who have referred others to us.

As we begin our next 25 years of service, our work is now more critical than ever. The Center's programs not only fill a void, but also open doors. We are here to empower our neighbors to break through the boundaries that lay around them – boundaries like poverty, substance abuse, and lack of educational support.

On days this year when the mission seemed daunting, we were consistently reminded of why we are all here. Reminders came from a breakthrough with a client, an outpouring of support for our distribution days, a volunteer's kind words and bright smile.

The pandemic has given us the opportunity to evaluate how we are serving Hampden. What's working well? What can be approached differently? How can we keep evolving to better meet the community's needs?

These are not easy questions, but they inform our path forward. The answers have been and will be life changing for thousands of individuals and families.

OUR MISSION

To enrich the lives of Hampden residents through education and professional support and to encourage individual growth and community fellowship.
